

Skate park builders

To the cheers of an appreciative audience, Jeff Kimbrough, Stefan Hauser, Eric Lee, Mark Scott, Geth Noble and Roger Hubbard (not pictured) were honored by the Lincoln City Council Monday night for their persistence and participation in developing and building the new "world class" Kirtsis Skate Park in Lincoln City. "We are here...to recognize six individuals who made this happen, but it should be noted that many people were involved in this project and many hours of volunteer efforts went into the park, and we are very grateful," stated Lincoln City Urban Renewal Director Kurt Olsen.
